A ROAD WANTED.

The agricultural interests down the shore of the North Arm of the Fraser, extending from this city to the Gulf of Georgia, have now reached that degree of importance which would seem to claim the attention of Government. A few years ago a mere trail was opened, at a trifling expense, and paid for in Land Scrip, but that trail is no longer adequate to the requirements of the really flourishing settlement through which it passes, and we think the time has arrived when a good country road should be constructed. We venture to hope that the Government has at last come to realise, in some degree at least, the importance of the agricultural interests of the country, and are prepared to bestow upon them that care and fostering attention to which they are entitled. Had more encouragement been extended in early times to persons coming into the colony to settle upon the rich bottom lands which abound on the Lower Fraser, we would not be compelled to witness nearly all the available capital of our people going out of the country in payment of supplies which these rich lands are so well adapted to produce. So long as the product of the gold mines is drained away into the pockets of the foreign producer, it is useless to expect any really substantial prosperity. Until it becomes the fixed policy of the Government to make gold mining tributary to the development of the agricultural resources of the Colony, the people will continue to be poor, the population fluctuating, and the revenue precarious. It is to a fixed rural population that we must look, after all, for financial prosperity as well as for political stability. While the miners come and go, ebb and flow like the tide, it clearly ought to be the earliest study of the Government to utilize in every possible way the flood, so that every receding wave may at least leave sediment to enrich our shores. This can best be done by protecting and encouraging the farmers, so that they may be able to stop the foreign drain upon our purses, by supplying the markets with everything that can be raised here. And what is there that cannot be raised in British Columbia as well as in Oregon or California? Our grass ranges are capable of turning out, in midwinter, as fat bullocks as can be produced in any country. Hay and grain grow to perfection, and with a yield almost unprecedented, while root crops of every kind attain a mammoth growth, and are in no way inferior in flavor. The climate and soil appear to be peculiarly adapted for the successful cultivation of all ordinary orchard produce. In short, only will and muscle are needed in order to keep in the country the millions of dollars now going out of it to buy food for man and beast. Let every willing settler have a free grant of land, and let it be secured to him under a judicious Homestead Law. Give him a healthy protection against foreign competition. Open up roads wherever necessary to bring him into ready connection with the markets; and, depend upon it, we shall very soon see a thrifty and prosperous yeomanry, giving to the Colony a stability it does not at present possess; and we shall see the product of our gold mines going into the pockets of our own farmers, instead of, as now, into the coffers of the foreign producer.

A Big Thing.—Parties who are making their fall purchases of Dry Goods, Clothing, Boots, Shoes, etc., are recommended to call and see the new stock just received by Mr. J. S. Clute, Columbia street, whose big advertisement will appear is next issue. *

AYER'S Sarsaparilla

FOR PURIFYING THE BLOOD.

And for the speedy cure of the following complaints:

Scrofula and Scrofulous Affections, such as Tumors, Ulcers, Sores, Eruptions, Pimples, Pustules, Blotches, Boils, Blains, and all Skin Diseases.

Oakland, Ind., 6th June, 1859.

J. C. Ayer & Co. Gents: I feel it my duty to acknowledge what your Sarsaparilla has done for me. Having inherited a Scrofulous infection, I have suffered from it in various ways for years. Sometimes it burst out in Ulcers on my hands and arms; sometimes it turned inward and distressed me at the stomach. Two years ago it broke out on my head and covered my scalp and ears with one sore, which was painful and loathsome beyond description. I tried many medicines and several physicians, but without much relief from any thing. In fact, the disorder grew worse. At length I was advised to read in the Gospel Messenger that you had prepared an alterative (Sarsaparilla), for I knew from your reputation that any thing you made must be good. I sent to Cincinnati and got it, and used it till it cured me. I took it, as you advise, in small doses of a teaspoonful over a month, and used almost three bottles. New and healthy skin soon began to form under the scab, which after a while fell off. My skin is now clear, and I know by my feelings that the disease has gone from my system. You can well believe that I feel what I am saying when I tell you, that I hold you to be one of the apostles of the age, and remain ever gratefully. Yours,

ALFRED B. TALLEY.

St. Anthony's Fire, Rose or Erysipelas, Tetter and Salt Rheum, Scald Head, Ringworm, Sore Eyes, Dropsy.

Dr. Robert M. Preble writes from Salem, N. Y., 12th Sept., 1859, that he has cured an inveterate case of *Dropsy*, which threatened to terminate fatally, by the persevering use of our Sarsaparilla, and also a dangerous *Malignant Erysipelas* by large doses of the same; says he cures the common *Erysipelas* by it constantly.

Bronchocele, Goitre or Swelled Neck.

Zebulon Sloan of Prospect, Texas, writes: "Three bottles of your Sarsaparilla cured me from a *Goitre*—a hideous swelling on the neck, which I had suffered from over two years."

Leucorrhœa or Whites, Ovarian Tumor, Uterine Ulceration, Female Diseases.

Dr. J. B. S. Channing, of New York City, writes; "I most cheerfully comply with the request of your agent in saying I have found your Sarsaparilla a most excellent alterative in the numerous complaints for which we employ such a remedy, but especially in *Female Diseases* of the Scrofulous diathesis. I have cured many inveterate cases of Leucorrhœa by it, and somewhere the complaint was caused by *ulceration of the uterus*. The ulceration itself was soon cured. Nothing within my knowledge equals it for these female derangements."

Edward S. Marrow, of Newbury, Ala., writes, "A dangerous *ovarian tumor* on one of the females in my family, which had defied all the remedies we could employ, has at length been completely cured by your Extract of Sarsaparilla. Our physician thought nothing but extirpation could afford relief, but he advised the trial of your Sarsaparilla as the last resort before cutting, and it proved effectual. After taking your remedy eight weeks no symptom of the disease remains."

Syphilis and Mercurial Disease.

New Orleans, 25th August, 1859.

Dr. J. C. Ayer: Sir, I cheerfully comply with the request of your agent, and report to you some of the effects I have realized with your Sarsaparilla.

I have cured with it, in my practice, most of the complaints for which it is recommended, and have found its effects truly wonderful in the cure of *Venereal and Mercurial Disease*. One of my patients had Syphilitic ulcers in his throat, which were consuming his palate and the top of his mouth. Your Sarsaparilla speedily taken, cured him in five weeks. Another was attacked by secondary symptoms in his nose, and the ulceration had eaten away a considerable part of it, so that I believe the disorder would soon reach his brain and kill him. But it yielded to my administration of your Sarsaparilla: the ulcers healed, and he is well again, not of course without some disfiguration to his face. A woman who had been treated for the same disorder by mercury was suffering from this poison in her bones. They had become so sensitive to the weather that on a damp day she suffered excruciating pain in her joints and bones. She, too, was cured entirely by your Sarsaparilla in a few weeks. I know from its formula, which your agent gave me, that this Preparation from your laboratory must be a great remedy; consequently, these truly remarkable results with it have not surprised me.

Fraternally yours, G. V. LARIMER, M. D.

Rheumatism, Gout, Liver Complaint.

Independence, Preston Co., Va., 6th July, 1859.

Dr. J. C. Ayer: Sir, I have been afflicted with a painful chronic *Rheumatism* for a long time, which baffled the skill of physicians, and stuck to me in spite of all the remedies I could find, until I tried your Sarsaparilla. One bottle cured me in two weeks, and restored my general health so much that I am far better than before I was attacked. I think it a wonderful medicine. J. FREAM.

Jules Y. Getchell, of St. Louis, writes: "I have been afflicted for years with an *affection of the Liver*, which destroyed my health. I tried every thing, and every thing failed to relieve me; and I have been a broken-down man for some years from no other cause than *derangement of the Liver*. My beloved pastor, the Rev. Mr. Espy, advised me to try your Sarsaparilla, because he said he knew you, and any thing you made was worth trying. By the blessing of God it has cured me, and has so purified my blood as to make a new man of me. I feel young again. The best that can be said of you is not half good enough."

Schirrus, Cancer Tumors, Enlargement, Ulceration, Caries and Exfoliation of the Bones.

A great variety of cases have been reported to us where cures of these formidable complaints have resulted from the use of this remedy, but our space here will not admit them. Some of them may be found in our American Almanac, which the agents below named are pleased to furnish gratis to all who call for them.

Dyspepsia, Heart Disease, Fits, Epilepsy, Melancholy, Neuralgia.

Many remarkable cures of these affections have been made by the alterative power of this medicine. It stimulates the vital functions into vigorous action, and thus overcomes disorders which would be supposed beyond its reach. Such a remedy has long been required by the necessities of the people, and we are confident that this will do for them all that medicine can do.

Ayer's Cherry Pectoral,

FOR THE RAPID CURE OF

Coughs, Colds, Influenza, Hoarseness, Croup, Bronchitis, Incipient Consumption, and for the Relief of Consumptive Patients in advanced Stages of the Disease.

This is a remedy so universally known to surpass any other for the cure of throat and lung complaints, that it is useless here to publish the evidence of its virtues. Its unrivalled excellence for coughs and colds, and its truly wonderful cures of pulmonary disease, have made it known throughout the civilized nations of the earth. Few are the communities, or even families, among them who have not some personal experience of its effects—some living trophy in their midst of its victory over the subtle and dangerous disorders of the throat and lungs. As all know the dreadful fatality of these disorders, and as they know, too, the effects of this remedy, we need not do more than to assure them that it has now all the virtues that it did have when making the cures which have won so strongly upon the confidence of mankind.

SATURDAY, OCTOBER 27, 1866.

OUR TRUE POLICY.

Ever since the establishment of this journal we have advocated the abrogation of the impost known as Tonnage Dues, upon the ground that it was both vexatious and oppressive, and bore most perniciously upon the agricultural interests of the Lower Fraser—interests which, although long scoffed at, are now beginning to make their importance felt. About twelve months ago we went further and advocated the abolition, in whole or in part, of the Road Tolls of the interior—the sweeping away of every interior obstruction to the free current of commerce, and urged that if these taxes could not all be spared the toll-gate at Lytton should at least be lifted, as a measure of relief to the trade with the Big Bend country. Most of our readers will remember the Road Toll and Tonnage Due war of last session, and the result. An attempt was made by both official and unofficial members of the Legislative Council, from the interior, to abolish these imposts, and substitute an import Tonnage Due, which would not have amounted to less than *nine dollars a ton* upon all goods and supplies brought into the Colony! The proposition was manifestly so impracticable, so *intentionally* hostile to the lower country, so obviously ruinous to our great lumbering and manufacturing interests, it was so evidently *intended* as a death-blow to the commercial supremacy of New Westminster, that our only alternative was unconditional opposition. While we gave way to no one in a sincere desire to see these imposts which bore so heavily upon the trade of the interior, abolished, we could not be a party to a measure so palpably hostile and impolitic as the imposition of an additional duty of nine dollars a ton upon all our imports. Had it been proposed to increase, in a judicious and discriminating way, the Customs' Tariff, so as to raise an equivalent, and thereby render the abolition of the Road Tolls and Tonnage Dues possible, the case would have been very different, although grave objections might have been urged against so early an alteration of a tariff which had been but a few months in operation. But no such proposition would be entertained by the eight members who appeared bent upon the ruin of the lower country. Shylock-like they roared for their "pound of flesh." Like Shylock they met with ignoble defeat. Professing a desire to abolish imposts which all would have wished to see abolished, they effectually defeated that desirable object by an undisguised hostility to important interests—they rendered impossible what might have been accomplished by a judicious compromise; and, through their piggish impolicy, the trade of the interior was left without that measure of relief which might otherwise have been extended to it. The disastrous commercial operations of the season just closing, the altered condition of our gold mines, the approaching development of the numerous quartz veins of Cariboo and Big Bend—a branch of mining the success of which must depend largely upon cheap labor and cheap supplies—the evident approach of that era in the history of the Colony when the poorer class of placer diggings with which it abounds must employ a large population, a class of diggings which will never be extensively worked until the cost of living undergoes material diminution, all these circumstances and considerations seem to admonish us of the absolute necessity of an immediate amelioration of that enormous pressure of taxation under which the trade and industry of the interior are languishing. It will constitute probably the most important work of the next session to devise some measure by which this can be accomplished. If the members from the interior come to their post divested of party spleen and local predilection, and sink all minor considerations in a general, honest and patriotic desire to promote the welfare of the country in its entirety, we see no reason why, before another season opens, all those obstructive imposts should not be swept from our statute-books. But in order to do this members must bring to the task a largeness of view and an honesty of purpose so essential to success, and, at the same time, so sadly wanting in past times. The territorial changes—the extension of the base of operations, which is taking place, and will doubtless have assumed determinateness by the time the legislature will be called upon to deal with the subject, must render the work of adjustment of taxation less difficult than hitherto. And may we not hope that, under the new state of things, with Vancouver Island merged into British Columbia, under one economical Government, the decrement to the revenue consequent upon the abolition of the Road Tolls and Tonnage Dues will be met as much by a wholesome measure of retrenchment in the Civil Service as by a carefully discriminating increase to the Customs Tariff?

"Cariboo Sentinel."

THE Undersigned, Proprietors and Publishers of the "CARIBOO SENTINEL," in announcing to their friends and the public that their arrangements have been completed for issuing the first number on or about the first day of May next, would most respectfully solicit a continuance of the patronage and support heretofore bestowed on them.

While intimating their determination of publishing twice, instead of once a week as formerly, the undersigned would draw attention to the very efficient postal system now established throughout British Columbia, which will enable them to forward the SENTINEL to nearly every Mining Camp in the Colony, particularly to the newly discovered Mines on the Columbia, from whence they will be in constant receipt of the latest and most reliable intelligence, thus rendering the columns of their paper a most desirable medium of publicity for the business public.

AYER'S
CATHARTIC
PILLS.

ARE you sick, feeble, and complaining? Are you out of order, with your system deranged, and your feelings uncomfortable? These symptoms are often the prelude to serious illness. Some fit of sickness is creeping upon you and should be averted by a timely use of the right remedy. Take Ayer's Pills, and cleanse out the disordered humors—purify the blood, and let the fluids move on unobstructed in health again. They stimulate the functions of the body into vigorous activity, purify the system from the obstructions which make disease. A cold settles somewhere in the body, and obstructs its natural functions. These, if not relieved, react upon themselves and the surrounding organs, producing general aggravation, suffering & disease. While in this condition, oppressed by the derangements,

take Ayer's Pills, and see how directly they restore the natural action of the system, and with it the buoyant feeling of health again. What is true and so apparent in this trivial and common complaint, is also true in many of the deep-seated and dangerous distempers. The same purgative effect expels them. Caused by similar obstructions and derangements of the natural functions of the body, they are rapidly, and many of them surely, cured by the same means. None who know the virtues of these Pills, will neglect to employ them when suffering from the disorders they cure.

Statements from leading physicians in some of the principal cities, and from other well known public persons.

From a Forwarding Merchant of St. Louis, Feb. 4, 1856.

DR. AYER: Your Pills are the paragon of all that is great in medicine. They have cured my little daughter of ulcerous sores upon her hands and feet that had proved incurable for years. Her mother has been long grievously afflicted with blotches and pimples on her skin and in her hair. After our child was cured, she also tried your Pills, and they have cured her.

ASA MORGRIDGE.

As a Family Physic.

From Dr. E. W. Cartwright, New Orleans.

Your Pills are the prince of purges. Their excellent qualities surpass any cathartic we possess. They are mild, but very certain and effectual in their action on the bowels, which makes them invaluable to us in the daily treatment of disease.

Headache, Sick Headache, Foul Stomach.

From Dr. Edward Boyd, Baltimore.

DEAR BRO. AYER: I cannot answer you *what* complaints I have *cured* with your Pills better than to say *all that we ever treat with a purgative medicine.* I place great dependence on an effectual cathartic in my daily contest with disease, and believing as I do that your Pills afford us the best we have, I of course value them highly.

PITTSBURG, Pa., May 1, 1855.

DR. J. C. AYER. SIR: I have been repeatedly cured of the worst *headache* any body can have by a dose or two of your Pills. It seems to arise from a foul stomach, which they cleanse at once.

Yours with great respect, ED. W. PREBLE,
Clerk of Steamer Clarion.

Bilious Disorders—Liver Complaints.

From Dr. Theodore Bell, of New York City.

Not only are your Pills admirably adapted to their purpose as an aperient, but I find their beneficial effects upon the Liver very marked indeed. They have in my practice proved more effectual for the cure of *bilious complaints* than any one remedy I can mention. I sincerely rejoice that we have at length a purgative which is worthy the confidence of the profession and the people.

DEPARTMENT OF THE INTERIOR,
Washington, D. C., 7th Feb., 1856.

SIR: I have used your Pills in my general and hospital practice ever since you made them, and cannot hesitate to say they are the best cathartic we employ. Their regulating action on the liver is quick and decided, consequently they are an admirable remedy for derangements of that organ. Indeed, I have seldom found a case of *bilious disease* so obstinate that it did not readily yield to them. Fraternally yours, ALONZO BALL, M. D.,
Physician of the Marine Hospital.

Dysentery, Diarrhœa, Relax, Worms.

From Dr. J. G. Green, of Chicago.

Your Pills have had a long trial in my practice, and I hold them in esteem as one of the best aperients I have ever found. Their alterative effect upon the liver makes them an excellent remedy, when given in small doses for *bilious dysentery and diarrhœa.* Their sugar-coating makes them very acceptable and convenient for the use of women and children.

Dyspepsia, Impurity of the Blood.

From Rev. J. V. Himes, Pastor of Advent Church, Boston.

DR. AYER: I have used your Pills with extraordinary success in my family and among those I am called to visit in distress. To regulate the organs of digestion and purify the blood, they are the very best remedy I have ever known, and I can confidently recommend them to my friends. Yours, J. V. HIMES.

WARSAW, Wyoming Co., N. Y., Oct. 24, 1855.

DEAR SIR: I am using your Cathartic Pills in my practice, and find them an excellent purgative to cleanse the system and *purify the fountains of the blood.*

JOHN G. MEACHAM, M. D.

Constipation, Costiveness, Suppression, Rheumatism, Gout, Neuralgia, Dropsy, Paralysis, Fits, etc.

From Dr. J. P. Vaughn, Montreal, Canada.

Too much cannot be said of your Pills for the cure of *costiveness.* If others of our fraternity have found them as efficacious as I have, they should join me in proclaiming it for the benefit of the multitudes who suffer from that complaint, which, although bad enough in itself, is the progenitor of others that are worse. I believe *costiveness* to originate in the liver, but your Pills affect that organ and cure the disease.

From Mrs. E. Stuart, Physician and Midwife, Boston.

I find one or two large doses of your Pills, taken at the proper time, are excellent promotives of the *natural secretion* when wholly or partially suppressed, and also very effectual to *cleanse the stomach and expel worms.* They are so much the best physic we have that I recommend no other to my patients.

From the Rev. Dr. Hawkes, of the Methodist Epis. Church.

PULASKI HOUSE, SAVANNAH, Ga., Jan. 6, 1856.

HONORED SIR: I should be ungrateful for the relief your skill has brought me if I did not report my case to you. A cold settled in my limbs and brought on excruciating *neuralgic pains,* which ended in *chronic rheumatism.* Notwithstanding I had the best of physicians, the disease grew worse and worse, until by the advice of your excellent agent in Baltimore, Dr. Mackenzie, I tried your Pills. Their effects were slow, but sure. By persevering in the use of them, I am now entirely well.

SENATE CHAMBER, Baton Rouge, La., 5 Dec. 1855.

DR. AYER: I have been entirely cured, by your Pills, of *Rheumatic Gout*—a painful disease that had afflicted me for years. VINCENT SLIDELL.

☞ Most of the Pills in market contain Mercury, which, although a valuable remedy in skilful hands, is dangerous in a public pill, from the dreadful consequences that frequently follow its incautious use. These contain no mercury or mineral substance whatever.

Price, 25 cents per Box, or 5 Boxes for $1.

CURES AND COMFORT FOR THE BED-RIDDEN

—BY—

HOLLOWAY'S OINTMENT

This wonderful Ointment acts like magic in relieving and curing old sores, wounds, bad legs, ulcers, and eruptions of the skin; when rubbed on the surface it penetrates and purifies each tissue on its passage, and exerts the most wholesome influence over the internal structures. It heals by cleansing all animal fluids with which it comes in contact, and therefore promotes a sound and permanent cure.

Gout and Rheumatism.

To sufferers from the racking pains of Rheumatism and Gout this Ointment will prove invaluable. After fomentation with warm water the soothing action of this Ointment is most remarkable; it seems at once to loosen inflammation, ease pain, reduce the swelling, restore natural circulation, and expels the disease. For the above complaints Holloway's Ointment and Pills are infallible specifics.

Diptheria, Bronchitis, Sore Throats, Coughs and Colds.

This class of diseases may be cured by well rubbing the Ointment, three times a day, upon the throat, chest, and back of the patient. It will soon penetrate and give immediate relief, in all stages of Influenza, Colds, and Bronchitis. This treatment may be followed with efficiency and safety—indeed, it has never been known to fail.

All Varieties of Skin Diseases Scrofula and Scurvy.

This Ointment is a certain cure for Ringworm, Scurvy, Scrofula or King's Evil, and the most inveterate skin diseases to which the human race is subject. They cannot be treated with a safer or more speedy remedy than Holloway's Ointment, assisted by his celebrated Pills which act so powerfully on the constitution and so purify the blood that these disorders are completely eradicated from the system, and a lasting cure obtained.

Dropsical Swelling.

Beware of this dangerous and stealthy complaint, which frequently creep upon us by slight squeamishness or trifling jaundice, of which little or no notice is taken until the legs begin to swell. The cause of the evil must be looked for in the liver and stomach; therefore, set to work earnestly, by taking Holloway's famous Pills according to the printed instructions, and rubbing the Ointment very effectively over the pit of the stomach and right side, where those organs lie. Most dropsical cases will readily yield to the combined influence of the Ointment and Pills.

Piles, Fistulas, and Interal Inflammation.

These complaints are most distressing to both body and mind, false delicacy concealing them from the most intimate friends. Persons suffer for years from Piles and similar complaints when they might use Holloway's Ointment with instant relief, and effect their own cure without the annoyance of explaining their ailment to anyone The Pills greatly purify the blood, regulate its circulation renew diseased structures, and invigorate the whole system.

Disorders of the Kidneys, Stone and Gravel.

Are immediately relieved and ultimately cured if this Ointment be well rubbed, twice a day, into the small of the back, over the region of the kidneys, to which it will gradually penetrate, and in almost every case give immediate relief; but perseverance will be necessary to effect a thorough cure.

Both the Ointment and Pills should be used in the following cases:—

Bad Legs,	Chapped hands,	Scalds,
Bad Breasts,	Contracted and	Sore Nipples,
Burns,	Stiff Joints,	Sore-throats,
Bunions,	Elephantiasis,	Skin-diseases,
Bite of Mosquitoes and Sand-flies,	Fistulas,	Scurvy,
	Gout,	Sore-heads,
Coco-bay,	Glandular Swellings,	Tumors,
Chigo-foot,		Ulcers,
Corns (soft),	Lumbago,	Wounds,
Cancers,	Piles,	Yaws.
Chilblains,	Rheumatism,	

Sold at the establishment of PROFESSOR HOLLOWAY, 224, Strand, (near Temple Bar) London; and by all respectable Druggists and Dealers in Medicines throughout the civilized world, at the following prices:—1s. 1½d., 2s. 9d., 4s. 6d., 11s., 22s., and 33s., each Pot.

☞ There is a considerable saving by taking the larger sizes.

THE INTERCOLONIAL RIFLE MATCH.

The match between the Victoria Ten and the New Westminster Ten took place on Wednesday. The Victorians arrived the night before by the steamer Enterprise, and Capt. Swanson obligingly waited over till Thursday morning to take them back. The weather was delightful, and the shooting was, for the most part, tolerably good, although two or three of the New Westminster party, who commonly rank among the best shots, were extremely unlucky on this occasion. The Victoria Ten shot more steadily, and won by 12 points. Up till the last range was reached, the issue was wavering in the balance; but an extraordinary run of bad luck on the part of one or two of our men gave the invading party an easy victory. The Victorians have at length succeeded in beating the New Westminster Rifle Volanteer Corps, though by a very few points; but the victory is not one which entitles them to boast very much. They were beaten on two previous occasions by bigger odds, and they brought Ten selected from two large companies against Ten drawn from one company, numerically smaller, we believe, than either of their own; and, moreover, they had the advantage of a twelve months' practice at the longer ranges, whereas ours had practiced but little above 300 yards. Under all the circumstances the Victoria Ten have small reason to boast, while ours have undergone no humiliation. We make these remarks not illnaturedly, but as a simple act of justice. At anyrate the result is such as to admit of the New Westminster Ten going down to the return match, which we understand will come off very shortly, confident of retrieving the little they lost on Wednesday. We may safely say that had our Ten been drawn from two companies, as in all fairness they ought to have been, the resul would have been very different. The following is the score:

THE VOLUNTEER DINNER.

The New Westminster Volunteers gave a dinner to the Victoria Ten, at the Drill-shed on Wednesday evening, to which about 80 gentlemen sat down. Captain Prichard presided, and on his right were seated His Excellency the Administrator of the Government, Adjutant Vinter of the Victoria Volunteers, Hon. H. M. Ball, and A. T. Bushby, Esq., while on the left were Mr. Justice Begbie, Hon. Mr. Franks, Captain Calder and Lieutenant Robson, of the Home Guards. The Vice Chair was ably filled by Hon. Attorny General Crease, supported on the right by Captain Holmes, of the Seymour Artillery, and Lieutenant McBean of the Home Guards. Besides the officers, non-commissioned officers and a goodly sprinkling of Privates of the three local Volunteer Companies, there were a number of civilians present, including Mr. Kingscote, the Rev. Mr. Sheepshanks, and a number of the gentlemen attached to the Telegraph service; that service was ably represented by Captain Jerome, of the United States Army, who, with his humourous remarks, and excellent songs, contributed much to the enjoyment and hilarity of the occasion. After full justice had been done to the viands, the following toasts were given:—

By the Chairman; "*The Queen.*"

By the Vice Chairman; "*The Prince and Princess of Wales, and the rest of the Royal Family.*"

By the Chairman; "*Governor Seymour and Administrator Birch.*"

His Excellency the Administrator responded in a few happy remarks.

"*The Army, Navy and Volunteers;*" by the Vice Chairman, responded to by Captain Prichard.

"*The Victorious Victoria Volunteers;*" by the Chairman, responded to by Adjutant Vinter, in a humourous speech.

"*The Senior Officer of the New Westminster Volunteers;*" by His Excellency the Administrator, responded to by Captain Prichard.

"*The Press, coupled with the name of the Editor of the* British Columbian;" by the Vice Chairman, responded to by Lieutenant Robson.

"*The Ladies;*" by Mr. Justice Begbie, in a few facetious remarks, responded to by Captain Jerome, who highly eulogized the ladies of New Westminster; Mr. Good also responded.

"*The Church;*" by Mr. Bushby, responded to by the Rev. Mr. Sheepshanks in a very appropriate speech, which was loudly applauded.

This concluded the regular programme, and at twenty minutes to 11 o'clock, His Excellency took leave of the company, the Band playing the National Anthem. Many volunteer toasts, sentiments and songs were afterwards given, and the party did not break up till 1 o'clock.

The Hyack Band were present and played several pieces exceedingly well.

To the Managing Committee (Dr. Jones and Messrs. J. T. Scott and J. Murray,) the credit is chiefly due for one of the most successful reunions which has ever taken place in this Colony. Mrs. Herring, of the "Mansion House," was Purveyor; and there was certainly no reason to complain of the manner in which she performed her duty.

RETURN OF THE TELEGRAPH EXPEDITION.

The steamer Otter, Captain Lewis, arrived from Fort Simpson, on Wednesday evening, bringing Mr. Edwin Conway, Commander of the Union Telegraph Extension expedition, together with his assistants, and a party of 55 workmen. The party shipped in small boats, which they had built for the purpose, at Kispeyox, Skeena River, on the 10th instant, and arriving at Fort Simpson, embarked on the Otter on the 18th. Since Mr. Conway started out from Quesnelmouth, last summer, he has stretched 400 miles of wire, cut 450 miles of trail through a country for the most part heavily wooded—a work of no small magnitude—and he has explored, and in a measure, opened up a large territory hitherto little known, and the result will doubtless be an important accession to our present geographical, as well as geological knowledge of the great interior, as Mr. Conway has several scientific men attached to his staff. The line is now completed a distance of 800 miles from this city.

About forty men were employed during the season clearing the trail, building bridges, &c. Twenty-eight Chinamen were employed as cooks, polemen, and wiremen, while 20 natives were employed as boatmen on the Fraser, and later in the season on the Skeena River. One hundred and fifty pack animals have been in use all the season in transporting supplies and materials. The animals had considerable difficulty in crossing the rivers and creeks, all of which are very rapid; ferry-boats were built on the larger rivers. Gold was found in the Wastonguiah River, some of the bars would probably pay $7 to $8 a day with the rocker. Only one case of sickness occurred in camp. There were eight or nine serious axe-wounds; but the parties have mostly all recovered by this time.

Michael Byrnes has been exploring all the season, and has traveled some 1600 miles with an average pack of 50 lbs. on his back, and has endured hardships and privations to which most men would have succumbed. Coming into camp with legs cut and swollen two or three days' rest sufficed to start him out again, apparently as fresh and cheery as ever, to cope with new dangers and surmount fresh difficulties. Mr. Byrnes was in the employ of the American Government as scout, during the Mexican war.

Scovell, who started north on the Otter, last winter, had at last reported at Kispeyox. He had suffered considerably from want of food, as well as from wet and cold, and was at one time given up as lost.

Mr. Thomas Elwyn remains at Stekin during the winter, in charge of the expeditions in British Columbia, and will send out parties in different directions when the snow hardens.

The party found the inland Indians friendly; they seemed even pleased that white men were coming amongst them. The coast Indians do not allow them to come to the salt water, and drive a lucerative trade with them.

Camp was moved every day except Sunday, from two to three miles. The country abounds in feed for animals, and numerous small lakes are met with, some of them very pretty; snow-capped mountains are to be seen on every hand.

The coast Indians are everywhere well supplied with liquor, brought to them in trading vessels and in canoes. They are troublesome and insulting, perhaps dangerous. When Mr. Conway went to the head of Portland Canal, with four or five men, they forbid his landing, flourishing guns and knives. The party showed no fear, however, and were not molested. The Company's steamer Mumford, Capt. Coffin, which has been employed as a transport boat on the Skeena, is on the way here with 60 men. She is hourly expected.

BURRARD INLET ROAD.

We are gratified to learn that the suggestion thrown out in this journal a few weeks ago, with respect to the importance of having certain repairs made upon the Burrard Inlet Road, have been acted upon by the Government, as will appear from the subjoined communication, being a reply to a petition sent in by those more immediately interested in the road:—

LANDS & WORKS DEPARTMENT,
New Westminster,
19th October, 1866.

GENTLEMEN:—I have the honor to acknowledge the receipt of your letter of the 10th instant (delivered at this office on the 16th.) In reply I have to inform you that I had previously examined the condition of the road from New Westminster to Burrard Inlet, which you represent to be in need of repair, and have been authorized by the Officer Administering the Government to expend the sum of $250 in repairing those portions of the road which most urgently require attention.

I have already directed these repairs to be effected, and they will be completed in the course of a few days.

Thanking you for bringing this subject to my notice.

I have the honor, &c.,
JOSEPH W. TRUTCH,
C. C. L. & W. & S. G.

To Messrs. Anderson & Co., and others, New Westminster.

FROM CARIBOO.—The steamer Reliance, Captain Irving, arrived from Yale last evening, bringing a Cariboo express, and a large number of passengers. We have the *Sentinel* of the 18th, from which we glean the following items of news:—There is very little mining news. The late rains had swollen the streams, affording a plentiful supply of water, and several claims are yielding well.——James Barry, recently arrested at Yale, in connection with the Blessing murder, at Beaver Pass, was examined before Commissioner Cox, at Richfield, on the 16th, and fully committed for trial at the next assizes. Barry lived in New Westminster for some time, and was a partner in the Eldorado Saloon, last year.——The *Sentinel* publishes an abstract statement of the Colonial revenue collected in Cariboo from different sources, during the first nine months of the present year. It foots up $25,952,35. The amount is much less than we should have supposed.

FROM CARIBOO.—Mr. McInnis, who arrived from Cariboo on Monday, confirms the report which we published on Wednesday respecting the yield of the Heron claim, on Grouse Creek. He says it is believed that much of the mining ground on that creek is equally rich. The Heron Company contemplate working all winter. Mr. McInnis is of opinion that the quartz ledges of Canyon Creek will prove "the salvation of the country," capital alone being needed in order to develop them. Mr. G. B. Wright is "going his pile on them." Mr. McInnis thinks about 2000 miners will winter in Cariboo, 1500 on Williams Creek, and the remainder on the various other creeks. He speaks with great confidence respecting the mineral wealth of Cariboo, and thinks that quartz mining will begin to make itself felt in another year or so.

THE FENIAN PRISONERS IN CANADA.—Michael Murphy and five of his associates, confined in the gaol at Cornwall, awaiting trial for high treason, effected their escape, by making a hole through the prison wall, on the night of the first September. Eighty Fenian prisoners, confined in the Toronto gaol, were to be brought to trial early this month. It was expected that they would be tried before the Hon. Judge John Wilson.

A SHOOTING MATCH IN A SMALL WAY.—A match took place yesterday between five of the officers and non-commissioned officers, and five Privates of the Home Guards, the latter beating by 37 points. A match also took place between the five who made the highest and the five who made the lowest score at the late Annual Prize Meeting, and, strange to say, the latter won by 40 points!

A WONDERFUL FEAT OF PEDESTRIANISM.—A man of the name of Elson, at Ottawa, undertook to walk 100 miles in 24 consecutive hours. He performed it in 23¼ hours, although it rained nearly the whole time.

FROM NANAIMO.—The steamer Emily Harris, Captain Frain, arrived from Nanaimo on Wednesday, with a cargo of coal. She sailed for the same place yesterday.

NO STEAMER.—The Enterprise did not come up from Victoria yesterday, so that we are without late news from the island. She left at 9 o'clock last night and will be here early to-day.

CAPT. MOUAT arrived in this city yesterday, from Kamloops, the steamer Marten having gone into winter quarters. He will proceed to Victoria on the Enterprise, to-day.

☞ The *Times* states that 250,000 Enfield rifles, converted into breech-loaders on the Snider principle, will be ready by the 1st of April next; and that as soon as the regular forces—cavalry, infantry, artillery and marines—have been supplied with the new arm, measures will be taken with the view of similarly equipping the volunteers and militia. It is asserted that, as compared with the Prussian needle-gun, the efficiency of the English breech-loader is nearly four times greater in all that relates to accuracy of aim or rapidity of fire; while, as regards the safety and ease with which the breech mechanism is worked, it is beyond comparison.

FEARFUL DISASTER.—Three of the crew of the brig Wickopee, of St. John, N. B., was burned at sea on the 18th of July, 36 days out from Charleston, South Carolina. Cargo—turpentine, rosin and pine logs. Crew—five hands before the mast, besides the captain and two mates. The fire caught from a cask of turpentine breaking and running under the galley. The remainder of the crew put on board of a ship bound for Quebec.

EASTERN STATES.

NEW YORK, Oct. 20.—A steamer from Australia arrived at Panama with $700,000 in treasure. Present prospects throughout the colonies continued good.

The markets are fully supplied with breadstuffs, but stocks from California were small. California wheat 6s 3d. California flour 16s@16 10d. Oregon lumber would command high prices. Finances were in a flourishing condition.

WASHINGTON, Oct. 22.—General Robert Allen sailed on Saturday for California as Chief Quartermaster for the Department of the Pacific.

EUROPEAN.

NEW YORK, Oct. 21.—Foreign files of Oct 10th contain the following:—The London *Star* says that 15,000 persons were present at the Leeds demonstration for manhood suffrage. Bright made a powerful speech, and strong resolutions were adopted.

The London *Times* says no political movement has for a long time attracted so much attention.

The Emperor of Austria had decided to renounce the title of King of Lombardy and Venetia. The ratified treaty had been sent to Vienna with 35,000,000 florins in Treasury bonds in payment of indemnity.

The London *Telegraph* asserts that affairs in Canada are becoming every day less serious, and it was expected Canada would shortly be pacified.

HALIFAX, Oct. 22.—The steamer China brings advices to the 14th.

LONDON, Oct. 20.—Consols 89¾; 5-20's, 69.

LONDON, Oct. 22.—Markets are unchanged.

UTAH.

SALT LAKE, Oct. 24, 1.50 P. M.—The line is again interrupted by Indians, 18 miles east of Julesburg. 100 mules and 100 head of cattle were run off; one man was killed and two wounded. A detachment of cavalry pursued the Indians, and re-captured half the stock. Some of the Indians were killed, and several wig-wams destroyed.

6, P. M.—The Eastern line is again in working order to Chicago.

HOLLOWAY'S OINTMENT AND PILLS.—Grand Discovery.—The knowledge that all the different components of the body—flesh, bone, brain and skin—are alike exacted from the same food, led the inventor of these medicaments to the conclusion that disease was likewise nourished from the same source—impurity of the blood. Taking this new view of the cause of ill health, he set himself to the task of finding out the means of ridding the circulation of all poisonous or deteriorating matters, and after much study succeeded in propounding his celebrated Ointment and Pills. The former, when rubbed upon the skin, relieves the local vessels of every taint and all disordered action; the latter repels every atom of corruption from the general circulation.

TOYS AND FANCY GOODS.—G. C. Clark son & Co. having made large additions of the above Goods to their stock, any one wishing to make a present would do well to give them a call, as they have a great variety of nice, neat and natty articles of vertu which are useful, and at the same time will please the eye and adorn a table or mantel-shelf. *

"Jes' so!"—"Exactly!"—Solon Shingle said; they were there "every time." If he felt "cowley" in the morning, he took Plantation Bitters; if he felt weary at night, he took Plantation Bitters; if he lacked appetite, was weak, languid or mentally oppressed, he took Plantation Bitters; and they never failed to set him on his pins square and firm.

A few bottles of PLANTATION BITTERS
Will cure Nervous Headache,
" Cold Extremities and Feverish Lips,
" Sour Stomach and Fetid Breath,
" Flatulency and Indigestion,
" Nervous Affections,
" Excessive Fatigue and Short Breath,
" Pain over the Eyes,
" Mental Despondency,

" Sallow Complexion, Weak Bowels, &c.
Which are evidences of
LIVER COMPLAINT AND DYSPEPSIA.

After a long research, we are able to present the most present the most remarkable cure for these horrid nightmare diseases, the world has ever produced. Within one year over six hundred and forty thousand persons have taken the Plantation Bitters, and not an instance of complaint has come to our knowledge!

It is a most effectual tonic and agreeable stimulant, suited to all conditions of life.

The report that it relies upon mineral substances for its active properties are wholly false.

The original quality and high standing of these goods will be sustained under every and all circumstances. They have already obtained a sale in every town, village, parish and hamlet among civilized nations. Base imitators try to come as near our name and style as they can, and because a good article cannot be sold as low as a poor one, they find some support from parties who do not care what they sell. Be on your guard. See our private stamp over the cork.

Barnes' Magnolia Water.

A toilet delight! The ladies' treasure and gentlemens' boon! The "sweetest thing" and largest quantity. Manufactured from the rich Southern Magnolia. Used for bathing the face and person, and to render the skin soft and fresh, to prevent eruptions, and to perfume clothing, &c.

It overcomes the unpleasant odor of prespiration.
It removes redness, tan, blotches, &c.
It cures nervous headache and allays inflammation.
It cools, softens, and adds delicacy to the skin.
It yields a subdued and lasting perfume.
It cures musquito bites and sting of insects.
It contains no material injurious to the skin.

It is what every lady should have. Sold everywhere. Try the Magnolia Water once and you will use no other Cologne, Perfumery, or Toilet Water afterwards.

Sold by Druggists and Dealers everywhere.

Lyons' Kathairon.

It is a most delightful Hair Dressing.
It eradicates scurf and dandruff.
It keeps the head cool and clean.
It makes the hair rich, soft and glossy.
It prevents the hair turning grey and falling off.
It restores hair upon prematurely bald heads.

This is just what Lyon's Kathairon will do. It is pretty—it is cheap—durable. It is literally sold by the car load, and yet its almost incredible demand is daily increasing, and there is hardly a country store that does not keep it, or a family that does not use it.

Lyons' Extract Ginger.

LYONS' EXTRACT OF PURE JAMAICA GINGER—for Indigestion, Nausea, Heartburn, Sick Headache, Cholera Morbus, Flatulency, &c., where a warming stimulant is required. Its careful preparation and entire purity make it a cheap and reliable article for culinary purposes. Sold everywhere, at fifty cents per bottle. Ask for "Lyon's" Pure Extract. Take no other. See that the private U. S. Stamp of Demas Barnes & Co., is over the cork of each package. None other is genuine. se19

Mustang Liniment.

Have you a hurt child or a lame horse? Use the Mexican Mustang Liniment.

For cuts, sprains, burns, swellings and caked breasts the Mexican Mustang Liniment is a certain cure.

For rheumatism, neuralgia, stiff joints, stings and bites, there is nothing like the Mexican Mustang Liniment.

For spavined horses, the poll evil, ringbone and sweeney, the Mexican Mustang Liniment never fails.

For wind-galls, scratches, big-head and splint, the Mexican Mustang Liniment is worth its weight in gold.

Cuts, bruises, sprains and swellings, are so common and certain to occur in every family, that a bottle of this Liniment is the best investment that can be made.

It is more certain than the doctor—it saves time in sending for the doctor—it is cheaper than the doctor, and should never be dispensed with.

"In lifting the kettle from the fire, it tipped over and scalded my hands terribly. * * The Mustang Liniment extracted the pain, caused the sore to heal rapidly, and left very little scar.

Mr. S. Litch, of Hyde Park, Vt., writes: "My horse was considered worthless, (spavin,) but since the use of the Mustang Liniment I have sold him for $150. Your Liniment is doing wonders up here."

All genuine is wrapped in steel plate engravings, signed G. W. Westbrook, Chemist, and also has the private U. S. stamp of Demas Barnes & Co. over the top. Look closely. Sold by all Druggists, at 25, 50 cts., and $100. se19

CODVILLE LANDING!

Important to Packers, Stock Drivers, and the Public in General.

THE Public are respectfully informed that James Codville, of the wide renowned Codville Landing Ranch, is prepared to receive any number of animals and cattle to ranch this coming winter, on the most liberal terms.

Large Reductions from the regular price made in favor of trains.

Persons intending wintering their own stock can be accommodated with hay in the stack, and stables and sheds for their animals, and Houses for themselves, on the most reasonable terms.

The Ranch is situated on the opposite side of the Fraser from that of Sumass, is on an island 6½ miles long by 4½ wide, is high and dry, no place where animals can mire, well protected from north winds, free from any kind of poison weed, and affords every facility, natural and artificial, for the accommodation of stock.

James Codville would also call public attention to the fact that he is prepared to furnish Hay at a very reduced price, and in quantities to suit all purchasers.

In returning thanks to the Public for past patronage, I am in hopes that the good condition in which I turned out animals on former seasons will secure for me a share of the Public patronage this coming winter.

Horse covers, pack saddles, and all rigging taken care of, and every satisfaction given for the least possible charge to those who may entrust their stock to me, or order Hay.

THE GRAND PROMOTERS OF HEALTH.

HOLLOWAY'S PILLS.

The grand secret of attaining happiness is to secure good health, without which life is stripped of all its pleasures. The first irregularity of any function should be checked and set right by appropriate doses of these fine purifying Pills, which strengthen the system by thoroughly cleansing the blood from all impurities. They balance disordered action, remove the cause of disturbance, and restore its normal and natural power to every organ, without inconvenience, pain, or any other drawback.

Derangement of the Bowels, Liver and Stomach Complaints.

This medicine is so well known in every part of the world, and the cures effected by its use are so wonderful, as to astonish everyone. Its pre-eminence as a remedy for bilious and liver complaints, and derangements of the stomach and bowels, is no longer a matter of dispute or doubt. In these diseases the beneficial effects of Holloway's invaluable Pills are so permanent and extensive that the whole system is renovated, the organs of digestion strengthened, and full and easy assimilation promoted, so that both physical and moral energy are increased.

Determination of Blood to the Head.

This is generally occasioned by some irregularity of the stomach and bowels, which, if not quickly attended to, frequently terminates fatally. A few doses of these famous Pills never fail to give tone to the stomach, regularity to the secretions, and purity to the fluids. Vertigo, dimness of sight, and other indications of approaching apoplexy, are entirely dissipated by a course of this admirable medicine.

The Female's Best Friend.

For all debilitating disorders peculiar to the sex and in every contingency perilous to the life of women, youthful or aged, married or single, this mild but speedy remedy is recommend with friendly earnestness. It will correct all functional derangements to which they are subject.

Scrofula and all Skin Diseases.

For all skin diseases; however inveterate, these medicines are a sovereign remedy. While the Pills act upon the, which they purify, the Ointment passes through the pores of the skin, and cleanses every structure, as water saturates the soil or as salt penetrates meat. The whole physical machinery is thus rendered healthy, regular and vigorous.

Coughs, Colds and Asthmas.

No medicine will cure colds of long duration or such as are settled upon the chest so quickly as these famous Pills. Even in cases where the first stage of asthma has appeared, these Pills may be relied on as a certain and never-failing remedy, particularly if the Ointment be simultaneously well rubbed into the chest and throat night and morning.

Indigestion.—Bilious Headache.

These complaints may sometimes be considered trifling but it should be borne in mind that, by inattention and neglect, they often end most seriously. Give early thought to a deranged stomach, take Holloway's Pills, rub his celebrated Ointment over the pit of the stomach, and you will shortly perceive a change for the better in your digestion, spirits, appetite, strength and energy. The improvements, though it may be gradual, will be thorough and lasting.

Holloway's Pills are the best remedy known in the world for the following diseases:—

Ague,	Female Irregularities.	Scrofula, or King's Evil.
Asthma,	Fevers of all	Sore Throats,
Bilious Complaints,	kinds,	Stone and Gravel,
